**132. Public Open Forum**

The 5 members of the public were all in attendance regarding the brook.

One member of the public was not happy at the way DPC responded to the way he had removed a plank from the log stop without permission, which he did because in his opinion there would be further flooding to Patricks Lane.

He said that he had sent a letter to DPC but had not yet had a response.

The group noted that Aim 3 in DPC's 5 year plan was to lobby WNC to undertake its responsibilities as lead flood authority.

They asked that we lobby WNC with regards to the bridges across the Buckingham Road as they felt that these are not fit for purpose as they are no longer large enough to take away the water.

The group were also concerned about the number of cars that come through when the road is flooded as this washes water up to the houses in Patricks Lane. Can residents have cones and signs to close the road to prevent this?

The manhole on the High Street releases sewage when there is heavy rainfall, and this is a hazard.

Cllr Collins thanked those who had attended and advised the letter to DPC will be responded to in due course after further discussion by DPC.

Cllr Thompson advised that DPC have lobbied WNC over the last 4 years for improved works and DPC continue to have working parties to help alleviate the risk to flooding.

DPC also have a steering group which would be helpful if some residents from Patricks Lane joined to help with the continued effort to prevent flooding within the village.

Clerk advised that Anglian Water had tested the water coming out of the manhole cover and there was no ammonia coming out of it, to be able to prove that there is waste coming from this manhole they need evidence.

One member of the public asked what was happening with the drains at the moment.

Clerk advised that Anglian Water were flushing out the drains from Bridge Walk and will remove any silt that has built up.

West Northants Councillor Ken Pritchard will discuss with the person in charge of flood defences and get back to us.

5 members of the public left the meeting

### **133. Update from WNC Councillor Ken Pritchard and consider any action necessary**

Cllr Pritchard advised council that the Bell Plantation application has been refused and there will be a public enquiry starting on the 18<sup>th</sup> February 2025 and will last for 8 days.

Furtho pit has not moved forward as reports from National Highways & the Environment agency are yet to be submitted

Passenham One-Way system will have a public consultation before Christmas, just waiting for the process to be finalised and then it will be advertised.

Foxholes Close grass verges, repairs will be done this week, but he had not been advised what these repairs are going to be.

Cllr Spencer was disappointed that there were no specifics because if the plan was to just fill the gap with topsoil this would not resolve the issue and asked that DPC see the specifics of further work before it is carried out.

Lighting between Deanshanger & Old Stratford, there is no money for this so will not be done.

Home Office has opened up MK Hotel again for asylum seekers, WNC were not notified but have been in touch.

Clerk advised that Alan Burns the WNC liaison officer has been in touch with MK Hotel.
